

MOUNTAIN COUNTRY
by NZ Knit Co

We draw inspiration from the surrounding natural landscape. From the sparkling beaches and miles of coastline of the North, to the lush bush and forest of central New Zealand to the expansive stations and vast spectacular mountain ranges of the South. Our way of life and love of the outdoors calls for warm and functional knitwear which we know will look good and which we are confident you will enjoy wearing.

We are proud to be 100% New Zealand owned and made and to promote the incredible natural fibres this country has to offer.
